CERTIFICATE PROGRAM IN SPIRITUAL DIRECTION FROM LEADERSHIP TRANSFORMATIONS, INC.
TRINITARIAN - CONTEMPLATIVE - BIBLICAL

Selah: a biblical word connoting a reflective pause, a listening attentiveness in the word-crafted space of our salvation life. It suggests that the conversation going on in this space has value, and meaning, and reveals God's work in us.

At LTI we like to think of this as describing what goes on in spiritual direction as, with and on behalf of another, we are prayerfully attentive to God in this wide open space of his ongoing salvation work, where we are being shaped, by the Holy Spirit, ever more fully into the image of Christ!

Program Intent

Selah is intentionally Trinitarian in theology ~ spiritual direction is paying attention to how God the Father is actively shaping a person's life through the Holy Spirit in ways that form them ever more deeply into the image of Christ.

Selah is intentionally contemplative in style ~ characterized by an attentive resting in Christ's presence in the direction time, noticing the movement and activity of the Holy Spirit.

Selah is intentionally biblical in grounding ~ drawing our understanding of God and his ways from the Scriptures.

In this threefold context, we grow from the wisdom and experience of the Church, through readings in the historical and contemporary classics of spiritual formation, and through the learned practice of spiritual direction together.

Curriculum

Spiritual direction occurs in community—the community of the Trinity, as expressed in the community of direction. Likewise, our learning spiritual direction is a communal learning, in the context of which we bring together classic content with lived experience.

Selah's instructional content will cover the theology and history of spiritual direction; the practice of spiritual direction, particularly in the contemplative and evocative model; the language, goals, and models of spiritual formation and direction, the use of Scripture in spiritual direction; prayer; discernment; spiritual disciplines; rhythms of the spiritual life; group spiritual direction; spiritual direction in the local church; spiritual direction in the contexts of retreats and quiet days; holistic life contexts for spiritual direction, including its relationship with ministry in society; issues of gender, sexuality, stages of life, and woundedness/healing; ethics of the spiritual direction relationship; and the ongoing spiritual formation of the spiritual director.

Selah's instructional experience will offer each student a mentoring/supervision relationship with one of our faculty, experienced through a supervision peer group for those living locally, and through monthly contact for those living at a distance. In these relationships, students will receive encouragement and feedback on their practice of spiritual direction as well as their interaction with and appropriation of the course material.

*“Let your love, God, shape my life with salvation,
exactly as you promised...
And I'll stride freely through wide open spaces
as I look for your truth and your wisdom”*
(Ps 119:41,45 The Message)

RESIDENTIAL MODEL

We believe that the skills necessary to attentive listening are learned best in attentive space—away from the busyness and distractions of daily responsibilities. Hence *Selah* is designed around 5 residential retreats over a two-year period, each of 3-4 days/nights in duration. In between each residency, participants will be required to continue course work and course practice, which will provide much of the growth we bring into our times together.

LOCATION & DATES

Selah will meet at various retreat centers in central New England. The Residencies of the 2011-2013 Cohort will be mid-afternoon to mid-afternoon on the following dates:

- Sunday, August 28—Tuesday, August 30, 2011
- Thursday, November 3—Sunday, November 6, 2011
- Wednesday, May 30—Sunday, June 3, 2012
- Thursday, November 1—Sunday, November 4, 2012
- Wednesday, June 5—Sunday, June 9, 2013

STUDENT QUALIFICATIONS

- A developmental maturity that demonstrates consistent experience of intentional reflection on your life with God
- A previous experience of being companioned in paying attention to your life in God. While this may have been experienced primarily as a mentoring/discipling/soul friend model, students enrolling in *Selah* are expected to have been in an intentional spiritual direction relationship with an experienced spiritual director for at least 3 months prior to the first Residency.
- A felt call to companion others in their growing attention to God's presence and shaping work in them
- A demonstrated experience of having offered spiritual companionship to others. While this may have been in a mentoring or soul friend model in the past, once a student enrolls in *Selah* they are expected to begin offering formalized spiritual direction to at least 2 people within the first few months of the program.

PERSONAL SPIRITUAL PRACTICES

Students will be intentional and regular in their practice of the spiritual disciplines of Scripture reading, prayer, and reflection. Additionally, they will have some sort of identity in/accountability to the body of Christ as a worshipping community. Students are expected to meet monthly with their own spiritual director.
